

## Horizon Therapeutics plc Announces Dara Mann as a Healthcare Businesswomen's Association 2022 Rising Star

May 11, 2022

DUBLIN--(BUSINESS WIRE)--May 11, 2022-- Horizon Therapeutics plc (Nasdaq: HZNP) today announced that Dara Mann, vice president, marketing, ophthalmology, has been named a 2022 Healthcare Businesswomen's Association (HBA) Rising Star. Mann was honored at the 2022 HBA Woman of the Year event yesterday.

The HBA is the leading nonprofit global organization committed to furthering the advancement and impact of women in health care. Mann is being recognized as an accomplished leader at Horizon who has been at the helm of bringing innovative, first-to-market therapies to the patients who need them most.

"I'm grateful to be named a Healthcare Businesswomen's Association Rising Star alongside so many other talented, accomplished women in the industry," said Mann. "The cornerstone of what we do and why we do it is our patients – and I know that sentiment reverberates throughout this group. Each day we strive to provide resources and treatments for those who have lived for so long without any answers, and this award underscores the importance of that dedication."

Mann has more than 15 years of experience developing best-in-class marketing strategies for both patients and health care providers across various disease states. Since joining Horizon in September 2016, Mann has been a leader in the marketing organization and played a pivotal role in the launch of TEPEZZA<sup>®</sup> (teprotumumab-trbw) in January 2020.

"Dara has been instrumental in increasing awareness of TEPEZZA among patients and providers alike," said Keli Walbert, executive vice president, U.S. operations, Horizon. "Launching a medicine during a pandemic is no easy feat, but Dara's steadfast leadership and nimble thinking made it possible to get TEPEZZA therapies to our patients despite it all. I'm proud to congratulate her on this well-deserved recognition on behalf of Horizon."
